## THE IMPORTANCE OF CLIENT QUALIFICATION

### **Pre-Qualification & Financial Verification**

Before any viewing is scheduled, we conduct a rigorous pre-qualification process. We ensure every potential buyer meets the financial and personal criteria suited to your property, safeguarding your time and maintaining the integrity of the sales process.

### **Legal & Transactional Integrity**

From initial inquiry to final closing, our legal and transactional team provides structured support. We manage non-disclosure agreements, secure earnest money deposits, and facilitate transparent communication—ensuring every step is documented, compliant, and aligned with Portuguese regulatory standards.

### **Security & Controlled Access**

We prioritise your privacy and security. All prospective buyers undergo a screening process, and viewings are conducted only with accompanied, pre-approved individuals. Minimising disruption, protecting the asset, and ensuring controlled access.
